

Ananya Iyer

Machine Learning Engineer

ananya.iyer@example.com | +91 99000 11223 | Hyderabad, India

SKILLS

Languages

Python, SQL

ML

PyTorch, scikit-learn, NLP, Machine Learning, Deep Learning, Hugging Face

LLM

LLMs, RAG, LangChain, Prompt Engineering, FAISS

MLOps & Cloud

MLflow, Docker, AWS, Airflow, Spark

EDUCATION

M.S. in Machine Learning

International Institute of Information Technology Hyderabad
2018 - 2020

B.Tech in Computer Science

NIT Warangal
2014 - 2018

CERTIFICATIONS

TensorFlow Developer Certificate
AWS Certified Machine Learning - Specialty

PROFILE

Machine learning engineer with 6 years of experience shipping NLP and LLM applications to production. Strong in PyTorch, retrieval-augmented generation and MLOps.

WORK EXPERIENCE

Machine Learning Engineer

Lexica AI | Apr 2022 - Present

- Built a RAG assistant with LangChain, FAISS and LLMs used by 20k customers
- Fine-tuned transformer models with PyTorch and Hugging Face, improving F1 by 12 points
- Deployed models with Docker on AWS and tracked experiments in MLflow

Data Scientist

Retailytics | Jul 2020 - Mar 2022

- Developed NLP classifiers with scikit-learn and PyTorch
- Built Spark and Airflow data pipelines
